6/23/2023

Dear Resident,

This letter is to inform you of why you may see an increase in your quarterly water bill.

For reference of key events which are cause for this increase:

Approximately 4.5 years ago the Village was notified by the DNR our drinking water was not within acceptable parameters. Resulting in the need for a long-term solution. The Village worked with our engineers from McMahon to design a solution acceptable to the DNR. The Village also applied and received a Safe Drinking Water Program financing package. This included a low interest loan and principal forgiveness.

All supporting activities required to purchase and install this new system have been completed up to the construction phase which we are currently in. For more details, please go to our website [WWW.Winneconnewi.gov](http://WWW.Winneconnewi.gov) or [www.facebook.com/winneconne](https://www.facebook.com/winneconne) as more information will be provided over the course of this phase of the project.

Very Respectfully,

Logan Fuller

Village Administrator
