5/8"	\$45.00	\$30.00	3"	\$270.00	\$690.00
3/4"	\$45.00	\$45.00	4"	\$450.00	\$1,230.00
1"	\$63.00	\$85.90	6"	\$735.00	-
1-1/4"	\$81.00	\$93.93	8"	\$1,095.00	-
1-1/2"	\$99.00	\$172.50	10"	\$1,419.00	-
2"	\$144.00	\$300.00	12"	\$1,878.00	-

Quarterly Public Fire Protection Service Charges			Quarterly Private Fire Protection Service Demand Charge				
5/8 - inch meter	\$90.30	3 - inch meter	\$1,356.00	2" or less connection	\$51.00	10" connection	\$783.00
3/4 - inch meter	\$90.30	4 - inch meter	\$2,256.00	3" connection	\$99.00	12" connection	\$1,038.00
1 - inch meter	\$225.72	6 - inch meter	\$4,515.00	4" connection	\$162.00	14" connection	\$1,299.00
1-1/4 - inch meter	\$334.14	8 - inch meter	\$7,224.00	6" connection	\$324.00	16" connection	\$1,563.00
1-1/2 - inch meter	\$451.47	10 - inch meter	\$10,836.00	8" connection	\$519.00		
2 - inch meter	\$723.00	12 - inch meter	\$14,448.00				

**Hydrant Fee:** The Public Fire Protection charge recovers the cost of providing water for fighting fires and the extra capacity built into the system that is necessary to rapidly deliver a large volume of water to a fire anywhere within the municipality's water service area. These costs include a portion of the wells, pumps, storage facilities, water mains, hydrants and an estimated quantity of water used for this purpose.

**Water Fixed Charge:** Fixed charges typically encompass the fees customers pay as a base rate. These fees contribute towards maintaining current infrastructure and repaying loans and bonds used for its construction.

**Water Usage Charge:** Variable charges are the fees customers pay based on the amount of water used. These charges correspond to the expenses incurred in providing water, including costs for chemical treatment to ensure water safety and energy required for water movement and delivery.

**Sewer Fixed Charge:** Fixed charges typically encompass the fees customers pay as a base rate. These fees contribute towards maintaining current infrastructure and repaying loans and bonds used for its construction.

**Sewer Usage Charge:** Payments for sewer bills support the maintenance and operation of sewage infrastructure, including pipelines, treatment plants, and lift stations. Sewer bills are higher compared to water bills because of the increased costs involved in treating wastewater compared to supplying clean water. This treatment process necessitates complex filters, systems, and facilities that are costly to establish and maintain.
